

BitmapInfoHeader

```
classDiagram
    class BitmapInfoHeader
    class Bitmap
    Bitmap --|> BitmapInfoHeader : bitmapInfoHeader
```

The diagram illustrates a generalization relationship between two classes. At the top is a white rectangular box labeled 'BitmapInfoHeader'. Below it is a gray rectangular box labeled 'Bitmap'. A dashed purple arrow points from the 'Bitmap' box up to the 'BitmapInfoHeader' box. To the right of the arrow, the text 'bitmapInfoHeader' is written.
